### **About my Parents**

My parents, Marcus and Haley Willard, are college sweethearts and will celebrate their 25 year anniversary this year. They met on the first day of classes of their sophomore year while attending the University of Arkansas. Their love for each other and of the Razorbacks resulted in two Razorback daughters - myself and my older sister, Kacy, who graduated from Arkansas this May with a B.S. Communication Disorders. We moved to San Antonio in 2007 when both of my parents accepted positions with USAA. My dad, B.E. Computer Systems Engineering (Arkansas), is an IT Technical Director. My mom, B.S.B.A. Finance (Arkansas), is an IT Executive Director.

### **About Me**

Hi! I am Abby Lee Willard and I will be attending the University of Arkansas, Class of 2024. Being born in Central Arkansas to my Razorback parents kick started my love for the Hogs and I have been Callin' the Hogs from the very beginning. I can't wait to be a Razorback and am very excited to find a home away from home in the Greek community up on The Hill.

I have grown up in San Antonio and will be graduating from Reagan High School in June. While at Reagan, I loved my time with my Varsity soccer team and serving our community as a member of the Honor Society. I am passionate about health and fitness. One of my favorite San Antonio experiences is hanging out at the AT&T Center for Spurs games - Go Spurs Go! Of course, a close second would be Rodeo events in February.

I look forward to making Fayetteville my home for the next four years. I know that finding my spot in the perfect-for-me Greek house will only make my time at Arkansas more special.

Thank you and Woo Pig Sooie,  
Abby Willard '24
